Selena: OK. so. i have a Q and would like some advice.
me: sure
Selena: well i'm sure you deal w/ haters all the time
Selena: i mean your job is to make people mad
Selena: anyway. this fucking crazy cunt rag who hates me
Selena: and i would like her to fall off a cliff while on fire
Selena: she found myb log, realized it was me
Selena: posted it on a messageboard we're both on
Selena: then she took the time to register for an account at NYPress
Selena: and made a snide comment
Selena: i mean...she is 38
Selena: WHAT THE FUCK
me: hmmm
Selena: how do i deal w/ this
me: well
me: if you want to escalate it
Selena: i DON'T
me: which I'd advise against
me: ok
me: basically, reacting always feeds into it
Selena: i am just flabbergasted that a 38 year old woman goes through the effort of this
Selena: you're right.
me: yes, people are crazy
Selena: anyway. happy sunday. i am pissed now
Selena: will drinking vodka help?
me: and they don't necessarily get less crazy
me: probably
Selena: haha. how are you?
me: pretty good, sitting around doing nothing
Selena: heyyyy that's me too.
Selena: except i'm sitting here like almost foaming mad
me: I don't think you being identified will be much of a problem
me: especially if it was just on some message board
Selena: yeah i mean i'm OK with it
Selena: yeah it's a punk rock/hardcore mesageboard
Selena: i've known a lot of those people for years, if not decades
Selena: the psycho is the one who fucked my boyfriend

Selena: and rubbed it in my face
Selena: i think i told you about her?
me: yeah, you did
me: that's pretty wacky
Selena: yeah i'm seriously steaming right now
Selena: so let's get dinner this week?
me: sure, give me a ring whenever
